

A Symbol Of Quality, Reliability, Integrity

Manufacturing Of Rubber Roller And All Industrial Rollers

A
QUALITY
PRODUCT

www.rubberrollerindia.in

FROM THE DESK OF DIRECTOR

Dear Friends,

- Welcome to the world of **"Janki Rubber Industries"**.
 - It is my proud privilege to introduce Janki Rubber Industries (JRI), a leading name for manufacturing high quality Rubber roller & Industrial roller in India. JRI, an ISO 9001 Certified has now emerged as a key player in the market for manufacturing indigenously designed world standard Industrial roller, backed by a professional team with knowledge, experience and creativity.
 - We had laid certain goals and objectives for the company, when we started our operations in the year 1994. Looking back since then, we can derive a sense of satisfaction that the company has been able to tread the path of growth & development. It has not only achieved a turn around in its profitability, but also reached out to a larger number of customers in the Domestic & Export markets.
 - Our product portfolio is diverse, including Rubber roller & Industrial roller like Printing & lamination roller, Coating Plant roller, Packaging Industries roller, Flexible Industrial roller, Wood Industries Roller & Paper Industrial roller, Textile industrial roller & all kind of MS, SS, Gun Metal, Brass & Aluminum Roller etc.
 - We also undertake Turnkey Projects along with all related utilities. We are a customer focused company and believe in delivering high quality products with cost effective solutions. As such, our constant endeavor is to give more value to the customer's money through innovation & modification. To this end we have our R & D division, devoted to meet technology challenges that are encountered from time to time.
 - We have an excellent team of professional employees and talented engineers ready to render services to the complete satisfaction of our clients.
- Come let us join hands for progress towards Growth & Prosperity.

Sincerely,
Dipen Patel
(Director)

COMPANY OVERVIEW

ABOUT US

Janki Rubber Industries is pioneer manufacturer and exporter offering world class solution in industrial roller. Established in 1994, starting with manufacturing Rubber Rollers and Bow Rollers, Janki Rubber Industries has demonstrated a continuous growth in terms of product development and up gradation of technology.

Located in most develop industrial zone in Ahmedabad city of the Gujarat State; Spread in 2,000 Sq. Mtr. area, the company is fully equipped with the-state-of-the-art technology and most modern infrastructure.

Our products and service have established newer trends in national market and has set trend-path for others to follow.

With the keen application of our rich experience and the expertise, we have been known as a reliable and dependable solution provider. Our commitment always remains to the customer satisfaction in every respect, because only it has built us

THE DEVELOPMENT LABORATORY

Satisfying customer's demands, improving product features and creating innovative developments that set new benchmarks for the industry - that's what we at Melosa aim to achieve.

Our well-equipped laboratory and highly-qualified personnel play a significant part in this achievement.

And they are at your service! whether your problems relate to materials or processes: we can help you with your development tasks and place our specific expertise constructively at your disposal. Our comprehensive facilities for testing material properties and behavior cover the entire spectrum of plastics and elastomers, ranging from simple standard tests to complex special analyses. Reap the advantages - we can offer you results and optimal solutions.

SERVICES

- Our decision - oriented business processes are part of a flat hierarchy, which in turn means benefits for our customers.
- Our administrative, production and warehouse staff work and communicate closely together, responding without delay, always focusing on the customer.
- Every one of our customer consultants has special product expertise and can help you with advice on the phone or on site.
- Our logistics processes guarantee reliable, on - time delivery around the world.
- Depending on the product in question, products can be packaged according to the customer's requirements, e.g. in PE or big bags, obtains and skeleton boxes.

EXPORT

- The wide range of products for web process control with the proven performance of products meeting international standards have attracted business from international market and encourage our confidence to sharpen the focus on export.
- We are successfully export our products in the many countries such as Saudi Arabia, Nigeria, Kenya, Vietnam, Malaysia, Singapore, UAE, Poland, Australia etc... Countries from more than six years.

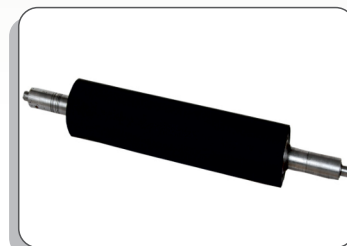

PRINTING ROLLERS

Types of Materials

EPDM Rubber
Neoprene Rubber
Synthetic Rubber
High nitrile (NBR PVC)

Types of Printing Application

Rotogravure Printing Roller
Flexo Printing Roller
Offset Printing Roller
PVC Printing Roller
Metal Printing Roller

Types of Colour

EPDM Rubber : Blue, Yellow
Neoprene Rubber : Black, Blue, Orange
Synthetic Rubber : Black
High nitrile (NBR PVC) : Black

Types of Hardness

EPDM Rubber : 55 - 85 shore A
Neoprene Rubber : 30 - 90 shore A
Synthetic Rubber : 20 - 75 shore A
High nitrile (NBR PVC) : 60 - 95 shore A

* All material delivered with warranty certificate.

LAMINATION ROLLERS

Types of Materials

EPDM Rubber
Hypolone Rubber
High nitrile (NBR PVC)

Types of Lamination Application

Solvent base Roller
Solvent less Roller
Extrusion lamination Roller

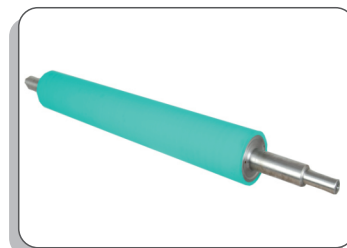

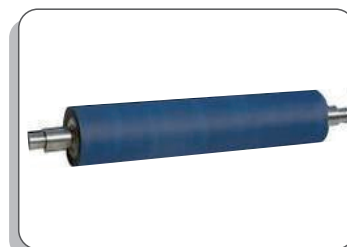

Types of Hardness

EPDM Rubber : 65 - 85 shore A
Hypolone Rubber : 70 - 90 shore A
High Nitrile (NBR PVC) : 60 - 95 shore A

Types of Colour

EPDM Rubber : Blue
Hypolone Rubber : Green, Blue, Orange
High nitrile (NBR PVC) : Black

* All material delivered with warranty certificate.

RUBBER TUBE / SLEEVE ROLLERS

Types of Sleeves Application

Rotogravure Printing Sleeve
Flexo Printing Sleeve
Solvent base Sleeve
Solvent less Sleeve
Bow Roller

Types of Hardness

EPDM Rubber : 55 - 85 shore A
Neoprene Rubber : 60 - 90 shore A
Synthetic Rubber : 50 - 75 shore A
High Nitrile (NBR PVC) : 60 - 95 shore A

Types of Materials

EPDM Rubber
Neoprene Rubber
Synthetic Rubber
High nitrile (NBR PVC)

Types of Colour

EPDM Rubber : Blue, Yellow, Green
Neoprene Rubber : Black, Blue, Orange
Synthetic Rubber : Black
High nitrile (NBR PVC) : Black

* All material delivered with warranty certificate.

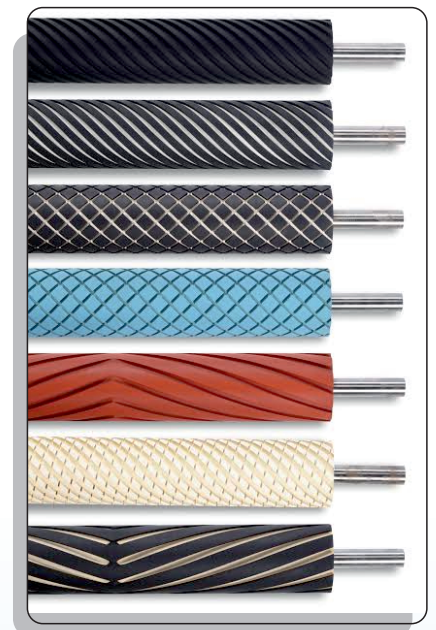

GROOVING ROLLERS

Type of Grooving Roller Application

Grooving Type
Horizontal Grooving
Vertical Grooving
Diamond Cut Grooving
Damroo Grooving
Square Grooving
Spiral Grooving

Type of Material

M S Grooving
Rubber Grooving
Aluminum Grooving
S S Grooving

FLEXO PRINTING ROLLERS

Types of Rollers

Rubber Roller

Anilox Roller

Stereo Roller (Plate Roller)

Hard chrome Roller

Stereo Plate

M S Gear

Types of Materials

EPDM Rubber

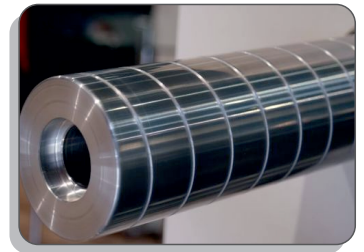

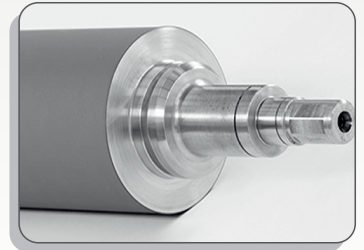

Neoprene Rubber

Copper

Hard Chrome

M S (Mild Steel)

* All material delivered with warranty certificate.

SILICON ROLLERS

Types of Rollers

Silicon O Rings

Silicon Belt

Silicon Sheet

Silicon Bush

Silicon Oil Seal

Silicon Gasket

Silicon Washers

Silicon Grommet

Types of Colours

Red, White,

Blue, Green

P U ROLLERS

Types of Rubber

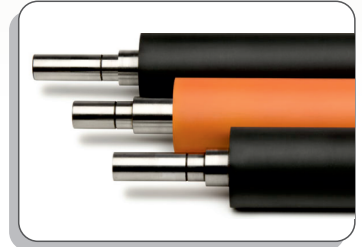

PTMEG

Type of Hardness

40-45 shore "A"
50-55 shore "A"
60-65 shore "A"
65-70 shore "A"
75-80 shore "A"
85-90 shore "A"
95 shore "A"

Type of Colours

Yellow
Red
Blue
Orange

PLATTING ROLLERS

Types of Materials

M S / S S / Aluminum

Type of Plating

Hard Chrome Plating
Copper Plating
Hard Anodize
Anodize
Blockades
S S cladding
Mirror Finish
Super Finish
Matt Finish

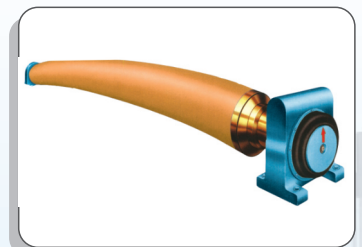

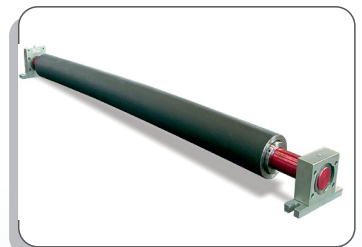

BANANA ROLLERS (Expander)

Type of Material

Rubber / M S

Type of Application

Winding
Crease removing
Stretch

AIR SHAFT

Type of Material

M S / Aluminum

Size :

Dia up to : 3" / 4" / 6" / 8" / 12"

Length up to : 5 mtr.

Type Lug :

Rubber / PU / MS / Aluminum

EBONITE ROLLERS

Types of Rollers

Textile Roller

Guide Roller

Dummy Roller

Main Roller

Chudi Roller

Controlling Roller

PERFORATION ROLLERS

Technical Features

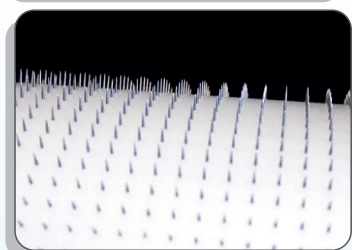

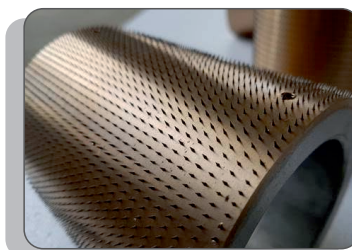

Diameter of Roller : 30mm to 400 mm

Height of Roller : 10mm to 400mm

Needle : 0.62mm to 8.00 mm

Angle of Inclination : 90, 85, 80, 75, 70

Materials : Brass, Aluminum,
Nylon, M S

FLAXO PLATES

**CEMENT BAGS PRINTING
FLEXO PLATES**

**CARTOON BOX PRINTING
FLEXO PLATES**

**PAPER CUP PRINTING
FLEXO PLATES**

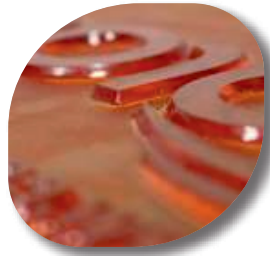

**SHOPPING BAGS PRINTING
FLEXO PLATES**

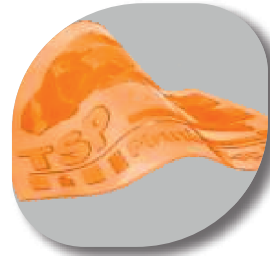

**LABELS PRINTING
FLEXO PLATES**

**PHOTO POLYMER PLATE
2.84 mm**

**PHOTO POLYMER PLATE
4.7 mm**

**PHOTO POLYMER PLATE
1.7 mm**

**WHITE NYLON PLATE
5.5 mm**

**RUBBER PLATE
6 mm**

APPLICATIONS

- All Packaging Flexo Industries
- Flexible Packaging
- Labels
- Cement Bags
- Fertilizer Bags
- Cups & Containers
- Corrugated Pre & Post Printing
- Stationary & Note Book Printing
- Folding Cartons
- Coating
- Special Printing
- Carry Bags
- Pouches
- Paper Cups

BENEFITS OF OUR PRODUCTS

- Highest Accuracy and Precision
- Extremely Durable
- Consistency and Timely Deliveries
- Excellent Ink Transfer
- Excellent Print Quality Due to Minimum Dot Gain
- High Quality Halftone Printing and Smoother Tonal Gradiations
- Crisp Text & Sharp Reverses

EXPORT

OUR REACH

Janki Rubber Industries protect has established product supply and distribution in over 50 countries.

We understand special market requirements in specific countries and so we have implemented our model of Global supply with Local support.

Our authorised worldwide distributors are always available to support our customers.

- The wide range of products for web process control with the proven performance of products meeting international standards have attracted business from international market and encourage our confidence to sharpen the focus on export.
- We are successfully export our products in the many countries such as Saudi Arabia, Nigeria, Kenya, Pakistan, Malaysia, Singapore, Dubai, Mastak, Australia etc... Countries from more than six years.

WE ARE LOCATED

📍 **AHMEDABAD** - H. O & PRODUCTION HOUSE # +91 - 99092 24454

📍 **DAMAN** - G2, NO-559 / 2,3 & 4, OPP. YASH GARDEN, DAMAN - 396210

📍 **BANGALORE** - 314th D cross ad halli Rajajinagar industrial town, Bangalore - 79
